Attorneys for Adaman Mutual Water Company

BEFORE THE ARIZONA CORPORATION COMMISSION

IN THE MATTER OF THE APPLICATION OF
ADAMAN MUTUAL WATER COMPANY FOR
APPROVAL TO ISSUE STOCK

Docket No. W-01997A-09-0297

**FIRST AMENDED APPLICATION
FOR APPROVAL TO ISSUE
STOCK PURSUANT TO THE
AGREEMENT AND PLAN OF
REORGANIZATION**

Adaman Mutual Water Company ("Adaman"), an Arizona non-profit corporation, pursuant to Ariz. Rev. Stat. ("A.R.S.") §§ 40-301 and 40-302, submits this Amended Application requesting the Commission's approval of Adaman's Agreement and Plan of Reorganization, as amended, (the "Plan of Reorganization"), to be effective as of January 1, 2010,¹ and the approval of Adaman's issuance of 2,486.68 shares of common stock in conjunction with Adaman's Plan of Reorganization as a for-profit Arizona corporation. (A true

¹Adaman requests that the order issued by the Commission approving the Plan of Reorganization be effective as of January 1, 2010, in order to avoid filing two tax returns for 2009, and to simplify accounting and financial record keeping. If the Commission's order were to become effective during 2009, Adaman would have a short tax year as a non-profit corporation and a short tax year as a for-profit corporation.

1 and correct copy of the Plan of Reorganization and First Amendment thereto are attached hereto
2 as Exhibit A.). In support of this Application, Adaman provides the following information:

3 1. Stock Will Be Issued for Lawful Purposes

4 Adaman was incorporated in Arizona on November 23, 1943, and is currently a non-
5 profit corporation qualifying as a tax-exempt mutual organization under Section 509(c)(12) of
6 the Internal Revenue Code of 1986, as amended (the "Code"). Adaman was initially organized
7 primarily for the purpose of providing water for the domestic, municipal, and industrial use of
8 its member owners. Adaman now desires to reorganize pursuant to the Plan of Reorganization,
9 and the provisions of Section 368(a)(1)(E) of the Code to become a taxable, for-profit "C"
10 corporation. Adaman is being reorganized to take advantage of lawful, but taxable, business
11 opportunities that will benefit its members by one or more of the following: (1) allowing lower-
12 cost water service (including the funding and payment for arsenic water treatment facilities that
13 without the Plan of Reorganization, would be very expensive for its members); (2) allowing
14 distribution of dividends; and (3) allowing distribution of proceeds to members from any
15 condemnation of Adaman's water delivery system.

16 2. Stock Issuance is within Adaman's Corporate Powers

17 Under A.R.S. §§ 10-11001 and 10-11003, a non-profit corporation's board of directors
18 and members may amend its articles of incorporation at any time, with the approval of the
19 members by two thirds of the votes cast or a majority of the voting power. Arizona has
20 recognized the validity of a corporation effecting its own reorganization without being
21 reincorporated. *See* Op. Att'y Gen. 62-55-L (1962). The Attorney General has stated that
22 where Arizona statutes give corporations the right to amend their articles of incorporation, if the
23 articles of incorporation of a for-profit corporation are amended to conform with the statutory
24 requirements of a non-profit corporation, such a corporation will become a legally constituted
25 non-profit corporation. *See id.* Thus, it is also well within a non-profit corporation's power to
26 amend its articles of incorporation to conform to the statutory requirements of a for-profit
27 corporation. *See* A.R.S. §§ 10-11001 and 11003.

1 Accordingly, on April 7, 2009, Adaman's members approved the Plan of Reorganization
2 pursuant to the provisions of Section 368(a)(1)(E) of the Code to convert from a non-profit, tax
3 exempt corporation to a taxable "C" corporation. See Exhibit A. Adaman's members also
4 approved the First Amendment to Agreement and Plan of Reorganization, which conditions the
5 implementation of the Plan of Reorganization on obtaining the Commission's approval of this
6 Application. See Exhibit A.

7 Approval of the Plan of Reorganization also resulted in the approval and adoption of
8 Amended and Restated Articles of Incorporation for Adaman under A.R.S. § 10-11003. (A true
9 and correct copy of the Amended and Restated Articles of Incorporation are attached hereto as
10 Exhibit B). The Amended and Restated Articles of Incorporation properly conform to
11 Arizona's statutory requirements of a for-profit corporation. See Exhibit B. Pursuant to
12 Adaman's Amended and Restated Articles of Incorporation, Adaman may, in addition to
13 providing water service to its members, transact any other business permitted by law. See
14 Exhibit B. Furthermore, the Amended and Restated Articles of Incorporation authorize
15 Adaman's Board of Directors to issue up to 10,000,000 shares of common stock. See Exhibit B.
16 Thus, Adaman has the requisite corporate power to issue 2,486.68 shares of common stock upon
17 the approval of this Application by the Commission.

18 **3. Stock Issuance is Compatible with Public Interest**

19 The approved Plan of Reorganization provides for the exchange of voting membership
20 interests in the company for the common stock of Adaman. Adaman's members currently hold
21 non-profit voting membership interests in the corporation. Each member's interest is equal to
22 the number of acres of real property the member owns within Adaman's service area. Currently,
23 there are 2,486.68 voting membership interests outstanding. Pursuant to the Plan of
24 Reorganization, each member's interest will be deemed to have been exchanged for the common
25 stock of Adaman that is equal to the number of whole and fractional acres each member owns
26 within Adaman's service area. The common stock will be owned proportionally to each
27 shareholder's ownership of land within the Adaman service area, just as current voting
28 membership interests are proportional to ownership of land within the Adaman service area.

1 If the Plan of Reorganization is approved by the Commission, Adaman will issue
2 2,486.68 shares of common stock in exchange for the automatic surrender and cancellation of
3 the voting membership interests. Additionally, just as current Adaman voting membership
4 interests may only be transferred in connection with the sale of land, Adaman common stock
5 will only be transferable in conjunction with the sale of the underlying land. Thus, Adaman
6 common stock will not be sold or transferred separately from the underlying land, and will
7 transfer automatically upon sale or transfer of the land. Implementing the Plan of
8 Reorganization and issuing 2,486.68 shares of common stock accordingly will provide the
9 Adaman members with a continuity of their interests and expectations with respect to the rights
10 and obligations associated with ownership of land within the service area.

11 In its present form, Adaman cannot sell water at wholesale to entities outside of the
12 Adaman service area. The reorganization will also permit Adaman to sell water to third parties
13 in exchange for a new federally-mandated arsenic treatment plant. Without this exchange, in
14 order to obtain the necessary plant, equipment and installation to meet federal arsenic water
15 quality standards, Adaman would be required to increase substantially the cost of water to its
16 members. In addition, the wholesale sales will provide Adaman with additional cash flow that is
17 unrelated to its retail sales that should improve Adaman's ability to provide lower-cost water
18 service and/or dividends to its members.

19 Furthermore, in its present form, if all or part of Adaman's service area is condemned,
20 members cannot benefit from condemnation proceeds. Moreover, existing non-profit law would
21 forbid Adaman from distributing those proceeds to its members. Under the Plan of
22 Reorganization, however, if any of Adaman's facilities are condemned, Adaman would have the
23 ability to distribute condemnation payments to shareholders, if appropriate.

24 The approval of Adaman's Plan of Reorganization will not require that Adaman incur any
25 debt and will not adversely affect Adaman's ability to render service to members within its
26 service area. In fact, by changing its form of organization, Adaman anticipates that it will be
27 able to finance its activities and provide better service and rates than it could otherwise provide
28

1 to persons living within its service area. Implementing the Plan of Reorganization will vest
2 Adaman with the power to accomplish these objectives.

3 The Plan of Reorganization has been approved by an overwhelming majority of
4 Adaman's members.² Without this change, Adaman would be faced with meeting the cost of
5 compliance with federal arsenic water quality standards without the means to do so, other than
6 by significantly increasing rates to members. Furthermore, the Plan of Reorganization protects
7 Adaman's members in the event of future condemnation.

8 Therefore, approval of the Plan of Reorganization and Adaman's issuance of common
9 stock pursuant to the Plan of Reorganization is compatible with public interest because it will:
10 (1) protect Adaman members' interests and expectations with regard to land ownership within
11 the service area; (2) help keep rates low for Adaman members or provide them with dividends;
12 (3) allow Adaman to supply water to third parties to reduce operating costs; and (4) protect its
13 members in the event of future condemnation.

14 4. **Sound Financial Practices Will Continue**

15 During and after the reorganization, Adaman will continue to conduct its business in
16 compliance with sound financial practices and with the Commission's accounting requirements,
17 including through the employment of qualified legal and accounting professionals to assist
18 Adaman with such compliance.

19 5. **Stock Issuance is Proper for Adaman's Performance of Water Service as a Public**
20 **Service Corporation and Will Not Impair Adaman's Ability to Deliver Water**
21 **Service**

22 The issuance of stock will not result in a diminution of water service within Adaman's
23 service area. Adaman will continue to be controlled by those it serves (and in the same
24 proportions as presently exist), and will retain as its primary purpose the service of water to its
25

26
27 ² Of a total of 1718.66 votes cast, the Plan of Reorganization was approved by 1629.46 votes, with 81.11 votes
28 against it and 130.2 votes abstaining.

1 shareholders. Adaman believes the stock issuance pursuant to the reorganization will result in
2 *improved* water service to its members, by allowing for enhanced revenues, low rates, and
3 improved infrastructure.

4 6. **Stock Issuance Pursuant to the Plan of Reorganization is Reasonably Necessary or**
5 **Appropriate**

6 Stock issuance pursuant to the Plan of Reorganization is reasonably necessary or
7 appropriate for the purpose of implementing the Plan of Reorganization. Without the stock
8 issuance, Adaman cannot complete the reorganization and is likely to be required to
9 substantially increase rates to pay for the federally-mandated arsenic treatment plant. In
10 addition, Adaman could not pursue opportunities to enhance revenue, improve infrastructure,
11 keep rates low and protect its shareholders from loss in the event of possible future
12 condemnation.

13 7. **Stock Issuance for the Purpose of Completing Adaman's Reorganization is Not**
14 **Reasonably Chargeable to Operative Expenses or to Income**

15 Adaman's issuance of stock pursuant to the Plan of Reorganization will not be charged
16 against operational expenses or to income. The exchange of Adaman's membership interests for
17 shares of common stock will not, in and of itself, generate proceeds to be applied for the purpose
18 of implementing the reorganization. Furthermore, issuance of stock will not create any
19 indebtedness. As such, the issuance of stock for the purpose of implementing the Plan of
20 Reorganization will not be chargeable to operational expenses or to income.

21 8. **Order of Approval Requested**

22 For all the reasons stated above, Adaman hereby requests the Commission's approval of
23 Adaman's Plan of Reorganization and requests an order to be effective as of January 1, 2010: (i)
24 approving the Plan of Reorganization; (ii) approving the issuance of 2,486.68 shares of Adaman
25 common stock in exchange of non-profit membership interests pursuant to Adaman's Plan of
26 Reorganization; (iii) finding that the issuance of Adaman common stock is reasonably necessary
27 or appropriate for such purposes; and (iv) finding that such purposes are not, wholly or in part,
28 reasonably chargeable to operative expenses or to income.

AGREEMENT AND PLAN OF REORGANIZATION

THIS AGREEMENT AND PLAN OF REORGANIZATION ("Agreement"), is entered into as of the 7th day of April, 2009, by and between Adaman Mutual Water Company, an Arizona nonprofit corporation (the "Corporation") and the members of the Corporation ("Members").

Recitals

A. The Corporation was incorporated on November 23, 1943, as a nonprofit corporation under the laws of the state of Arizona.

B. The Corporation's primary purpose is to construct and operate a water distribution system for the delivery of water to its Members. The land described below, and any additional property annexed by the Corporation in accordance with the Corporation's Articles of Incorporation, Bylaws and any rules or regulations adopted by the Corporation, less any property condemned by applicable governmental authority or otherwise removed from its service areas, shall be known as the Adaman Reclamation Project. The Members currently own interests in the Corporation in proportion to the number of acres of real property within the following described area.

The East Half of Section 1, 12 and 13, Township 2 North, Range 2 West, of the Gila and Salt River Base and Meridian, and Sections 6, 7 and 18, Township 2 North, Range 1 West, of the Gila and Salt River Base and Meridian, in Maricopa County, Arizona, containing 2,880 acres more or less, except any and all parcels owned by the federal government (hereinafter, the foregoing area is referred to as the "Project").

C. The Corporation has filed tax returns as a tax-exempt mutual irrigation organization under Section 509(c)(12) of the Internal Revenue Code of 1986 (the "Code"), as amended.

D. The Board of Directors of the Corporation has determined that due to changes in the manner in which the Corporation conducts its business, the Corporation will likely lose its status as a tax-exempt organization, and that the Corporation would better serve the interests of its Members by reorganizing pursuant to the provisions of Section 368(a)(1)(E) of the Code to become a taxable "C" corporation.

E. Accordingly, the Board of Directors has determined that it is in the best interest of the Corporation and its Members to submit this Agreement to the Members for their consideration and action.

F. At the Effective Time of this Agreement, the Membership Interests in the Corporation held by the Members will be automatically converted to shares of the Corporation's no par value Common Stock (the "Shares") in accordance with the terms and conditions of the Amended and Restated Articles of Incorporation attached hereto as Exhibit A, so that each

Member shall receive in uncertificated form, that number of shares of Common Stock that are equal to the number of whole and fractional acres (rounded to two decimal places) of real property owned by such Member within the Project, and the Membership Interest shall be extinguished.

G. This Agreement does not affect any rights of members of the Adaman Irrigation Water Delivery District.

NOW, THEREFORE, in consideration of the mutual covenants set forth herein and in the Exhibits hereto, the Corporation and the Members hereby agree as follows:

Agreement

1. *Amendment of Articles of Incorporation.* Upon approval of this Agreement by a two thirds (2/3) majority of votes cast by the Corporation's Members, the Members shall be deemed to have approved and authorized the filing of the Amended and Restated Articles of Incorporation attached hereto as Exhibit A. Such Amended and Restated Articles of Incorporation shall be executed by the President and Secretary of the Corporation, and shall be filed with the Arizona Corporation Commission ("ACC") promptly following approval of this Agreement by the Members. Such Amended and Restated Articles of Incorporation shall be the Corporation's Articles of Incorporation until such time as such Articles are fully amended.

2. *Amendment of Bylaws.* At the Effective Time, the Corporation's Second Amended and Restated Bylaws, attached hereto as Exhibit B, shall constitute the Bylaws of the Corporation, and the approval of this Agreement by a two thirds (2/3) majority of the Members' votes cast shall constitute the Members' ratification of the Amendment and Restatement of the Bylaws.

3. *Board of Directors.* At the Effective Time, the duly elected members of the Board of Directors shall continue to be the directors of the Corporation, and shall continue to serve for the term set forth in the Corporation's Bylaws until their successors are duly qualified and elected.

4. *Effective Time.* This Agreement shall become effective upon the last to occur of: (i) approval of this Agreement by the Board of Directors of the Corporation; (ii) approval of this Agreement by a two thirds (2/3) majority of the votes cast by the Members of the Corporation; or (iii) the filing of the Amended and Restated Articles of Incorporation with the ACC (the "Effective Time").

5. *Name.* At the Effective Time, the name of the Corporation shall continue to be Adaman Mutual Water Company.

6. *Exchange of Membership Interests for Common Stock.* At the Effective Time, without any action on the part of any Member or of the Corporation, each issued and outstanding Membership interest in the Corporation shall be deemed to have been exchanged for that number of shares of Common Stock specified in the Amended and Restated Articles of Incorporation so that each former Member of the Corporation shall become the owner of that number of shares of Common Stock that is equal to the number of whole and fractional acres (rounded to two

decimal places) such Member owns within the Project. For example, at the Effective Time, a Member who owns 5.65 acres in the Project shall become the owner of 5.65 shares of Common Stock. Upon exchange of each Membership Interest for the shares of Common Stock, the Membership Interest shall be cancelled and extinguished.

7. *Uncertificated Shares.* The Shares of Common Stock issued to each Member in exchange for the Membership Interests shall not be certificated, and shall be reflected only upon the books and records of the Corporation.

8. *Ownership of and Restrictions on Transfer of Shares.* The shares of Common Stock issued by the Corporation may be owned only by persons who own real property within the Project. The shares of Common Stock attributable to real property located within the Project shall be transferred only upon transfer of title to the real property with which the shares of Common Stock are associated. Transfer of ownership of the shares of Common Stock shall be effected automatically upon conveyance of all or a portion of any real property owned by the shareholder. Any transfer or attempted transfer of the shares of Common Stock, unless made simultaneously in connection with a conveyance of real property within the Project with which the shares of Common Stock are associated, shall be of no force or effect for any purpose, and shall confer no rights on the transferee to whom such transfer is made, and any such transfer shall be void. Preferred Stock may be issued to persons without regard to whether they own real property within the Project.

9. *Properties, Rights, Privileges and Obligations.* Following the Effective Time, all of the real and personal property of the Corporation; all debts due to any creditor of the Corporation; all claims, demands, property, rights, privileges, powers, and franchises of the Corporation; and every other interest of the Corporation, shall be preserved and unimpaired, and shall continue to be owned by the Corporation, subject to such liabilities and liens as presently exist. All debts, liabilities, and duties of the Corporation shall continue to exist and may be enforced against the Corporation to the same extent as prior to the Effective Time.

10. *Abandonment.* At any time prior to the filing of this Agreement and the Amended and Restated Articles of Incorporation with the ACC, the Board of Directors, by a vote of a Majority of the Directors, may either terminate or abandon this Agreement.

11. *Taxable C Corporation.* Upon the Effective Time, the Corporation shall cease to be a tax-exempt corporation and shall become a for-profit corporation, taxable as such under Subchapter C of the Code.

12. *Plan of Reorganization.* This Agreement constitutes a Plan of Reorganization to be carried out in the manner and on the terms, and subject to the conditions set forth in Section 368(a)(1)(E) of the Code, and the regulations issued thereunder, and shall constitute a tax-free reorganization as contemplated thereby.

13. *Further Action.* Upon approval of this Agreement by the Board of Directors of the Corporation and a two thirds (2/3) majority of the Members' votes cast, the Corporation's officers are authorized and directed to take any and all action necessary or appropriate to

implement and carry out the terms and conditions of this Agreement and to make such filings with such governmental agencies as may be necessary.

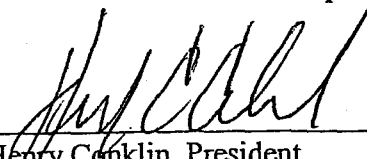

14. **Conflicting Language.** Any conflict between the language of this Agreement and that of the Amended and Restated Articles of Incorporation attached hereto as Exhibit A, the Amended and Restated Articles of Incorporation shall govern.

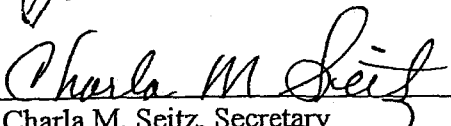

15. **Counterparts.** This Agreement may be executed in counterpart and, when so executed, such counterparts shall constitute a single, binding agreement.

16. **Exhibits.** The exhibits attached hereto are incorporated herein by this reference and shall constitute part of this Agreement.

This Agreement was APPROVED and EXECUTED by the Members of the Corporation Mutual Water Company as of the date first written above.

E. In connection with the issuance of the Corporation's Common Stock to those persons who were members of the Corporation immediately prior to the Effective Time, the consideration received by the Corporation shall be the cancellation and extinguishment of each member's membership interests in the Corporation in exchange for the issuance of Common Stock, and, at the Effective Time, without further action by the members or the Corporation, each membership interest in the Corporation shall be deemed to have been exchanged for the Common Stock issued to such member as required by this paragraph and such interest extinguished. Each member of the Corporation immediately prior to the Effective Time of these Articles of Incorporation shall be entitled to receive, upon the Effective Time, that number of shares of the Corporation's Common Stock equal to the number of whole and fractional acres of real property owned by such member located within the Project, rounded to two decimal places. For purposes of determining the acreage owned by any member, the Corporation may conclusively rely on the acreage reflected as owned by a former member in the Corporation's books and records as of the Effective Time or on acreage as reflected in the records of the County Recorder of Maricopa County, Arizona.

F. The aggregate number of shares issued at any time shall be automatically adjusted, without further action by the Corporation or the shareholders, to reflect any changes in the capitalization of the Corporation, such as stock dividends, stock splits, reverse stock splits, subdivisions, reorganizations or reclassifications, or any similar transaction that modifies the number of shares of stock of any class or series issued and outstanding, and the Corporation shall have the authority, without the approval of the shareholders, to issue such additional shares. If the Corporation shall effect a reverse stock split or similar transaction, the Corporation shall cancel, without consent or approval of the shareholders, the number of issued and outstanding shares of any class or series that is equal to the reduction in the number of issued and outstanding shares of the Corporation; provided that, such reduction shall be made pro rata among all shareholders of the same class or series in the ratio that the number of shares held by such shareholder immediately prior to the reduction bears to the sum of all shares issued and outstanding immediately prior to the reduction.

G. Any shares of Common or Preferred Stock shall be issued by the Corporation only in book entry form, and no physical shares shall be issued. Shares of Common Stock shall be subject to the restrictions described in Article 5.

- H. Shares of Common Stock shall be restricted as provided in Article 5.

Any transferor of real property located within the Project shall, by conveying such real property, be deemed to have transferred that number of whole and fractional shares of the Corporation's Common Stock owned by such Transferor that is equal to the number of whole and fractional acres within the Project so transferred. Any grantee or transferee of real property located within the Project shall, without further action by the transferring shareholder, be deemed to have acquired from the transferring shareholder that number of whole and fractional shares of the Corporation's Common Stock that are represented by the real property conveyed and shall be bound by the terms and conditions of these Articles of Incorporation and the Corporation's Bylaws. Any transfer or attempted transfer of the Corporation's shares of Common Stock made or suffered by a shareholder, unless made simultaneously in connection with a conveyance of real property within the Project to which such shares are appurtenant, shall be of no force or effect for any purpose, and shall confer no rights on the transferee to whom such transfer is made, and any such transfer shall be void.
